**"MainWeltmusik" Festival - Songs without borders connect nations for peace and hope...**

The VIII. International "MainWeltmusik" Festival will take place under the patronage of the Hessian Minister of Economy, Energy, Transport and Housing; Mr. Tarek Al-Wazir and the Mayor of the City of Offenbach; Mr. Dr. Felix Schwenke on Saturday, September 10, 2022, at 7:00 pm in the concert hall "Jacques Offenbach" at the Büsing-Palais, the architectural masterpiece of the 18th century in the heart of Offenbach.

The cultural event is sponsored by the Hessian Ministry of Economics, Energy, Transport and Housing, KulturFonds Frankfurt RheinMain GmbH, OSG Marketing GmbH, the Public Relations Office of the City of Offenbach as well as the Office for Culture and Sports Management of the City of Offenbach

The international "MainWeltmusik" Festival is bringing together numerous dance and music groups from different countries of the world for 8 years. It is intended to promote the coexistence of people in the Rhine-Main area by offering the diversity of their own culture a platform that is independent of language, religion and nationality. Music is the only common language in the world because, unlike spoken language, the world of music knows no barriers of understanding; anyone who listens to a melody with an open heart understands what is being transmitted and is immersed in the world of the singer.

The five-hour program begins with a performance of the "MainWeltmusik" Festival Orchestra. The "MainWeltmusik" Orchestra consists of virtuoso musicians from the countries that are guests at our festival. With the festival orchestra "MainWeltmusik" we create new sounds by bringing together the traditional instruments of the West with the instruments of other cultures. The "MainWeltmusik" Orchestra combines in this way the characteristics of the different musical traditions, brings them together and lives them out in a new sound. The Festival Orchestra, consisting of Germany, Turkey, Portugal, Ukraine and Poland, offers a musical celebration where cross-border barriers are overcome and songs of peace and hope are performed with their unique musical traditions...

**WALDZITHERPUNK (GERMANY)**

Each member of the band is a multi-instrumentalist. WALDZITHERPUNK is a folk music group that uses the language of music to touch the roots of German culture. Thus, for the film "Night Train to Lisbon" with Bruno Ganz and Jeremy Irons in the main characters, they performed the song "nunca é tarde" written by Trio Fado soloist Maria Carvalho. The Trio Fado, which has already performed in many European countries, will ensure an unforgettable event...
