**"MainWeltmusik" Festival - Songs without borders connect nations for peace and hope...**

The VIII. International "MainWeltmusik" Festival will take place on Saturday, September 10, 2022, at 7:00 pm in the concert hall "Jacques Offenbach" at the Büsing-Palais, the architectural masterpiece of the 18th century in the heart of Offenbach.

For 8 years the international "MainWeltmusik" Festival is bringing together numerous dance and music groups from different countries of the world. It is intended to promote the coexistence of people in the Rhine-Main area by offering the diversity of their own culture a platform that is independent of language, religion and nationality. Music is the only common language in the world because, unlike spoken language, the world of music knows no barriers of understanding; anyone who listens to a melody with an open heart understands what is being transmitted and is immersed in the world of the singer.

The five-hour program offers a musical celebration with first-class performers from Germany, Turkey, Portugal, Ukraine and Poland, where cross-border barriers are overcome and songs of peace and hope are performed with their unique musical traditions...

The Hessian State Minister Mr. Tarek Al-Wazir and the Mayor of the City of Offenbach; Mr. Dr. Felix Schwenke, are taking over the patronage for the "MainWeltmusik" Festival, once again.

The cultural event is sponsored by the Hessian Ministry of Economics, Energy, Transport and Housing, KulturFonds Frankfurt RheinMain GmbH, OSG Marketing GmbH, the Public Relations Office of the City of Offenbach as well as the Office for Culture and Sports Management of the City of Offenbach.

Many thanks to all our patrons, sponsors, friends and visitors of all nations, as well as to our non-profit organization's members for their active support.

**This festival is dedicated to you and your never-ending dreams - and to those who share them!**
